FOR IMMEDIATE RELEASE

STATE ROUTE 150 AND STATE ROUTE 33 UPDATE

VENTURA COUNTY – State Route 150 (SR-150) between Santa Paula and Ojai, will open Sunday May 1 to traffic. Both directions of traffic will share a single lane in four different locations that will be controlled by signalization.

State Route 33 (SR-33) from Rose Valley Road to Lockwood Valley Road, will remain closed until the end of May. Once the route opens it will also share two way traffic on a single, signalized lane at a yet to be determined number of locations.

Extensive damage was caused to SR-150 and SR-33 during the winter storms. Repairs have been underway since damage was sustained. Complete restoration of the two routes is estimated for winter of 2005/06.
